MESSAGE

SANJAY ARORA
Commissioner of Police, Delhi

Greetings! Date: 30.09.2023

Although September had dawned for Delhi Police on a frenzied note with the entire police force sprucing up for the G-20 summit, the outcome had been quite promising. Delhi Police had spent almost a year on incessant planning and rehearsals to carry out the security operations for G-20 summit so as to rule out the possibility of any glitches during prestigious event. However, the manner and panache with which Delhi Police pulled off the security and traffic arrangements during G-20 summit added another feather to its cap and it earned laurels as an elite and impeccable police force. The task at hand was stupendous – providing security as well as safe and uninterrupted passage to the heads and dignitaries of foreign states and governments. It required seamless groundwork, meticulous planning, extensive training, briefings and rehearsals along with assigning of well-defined role to officers and personnel. The due diligence and flawless operation that went into carcade management, hotel security and venue management ensured thorough perfection.

When Delhi Police received appreciation from different quarters, being the head of this elite force, I was delighted and felt honoured. I knew that it would have been impossible without the sincere efforts of each one of my officer and personnel. And, I would like to attribute the success of our policing endeavours during the G-20 summit to each one of my team members. And I would take this opportunity to give a clarion call to all my officers, men and women especially the younger ones to keep up with the good work and retain whatever you have learnt for future endeavours.

I take this opportunity to acknowledge the fact that even the citizens of Delhi played their part well and put their best foot forward in ensuring smooth accomplishment of the event by conscientiously following the guidelines issued by Delhi Police.

As we bask in the glory of our achievement of a well-managed event, we should never forget the fact that ours is a never-ending task of keeping vigil over the city, which is our national capital territory. So, all of us need to get back on our toes to carry on with the responsibilities assigned to us with enhanced enthusiasm.

Thank you !
