O R D E R

It has been reported that certain criminal, anti-social elements or terrorists, inimical to India may pose a threat to the safety of general public, dignitaries and vital installations by the use of sub-conventional aerial platforms like para-gliders, para-motors, hand gliders, UAVs, UASs, microlight aircrafts, remotely piloted aircrafts, hot air balloons, small size powered aircrafts, Chinese Lalten, quadcopters or even by para jumping from aircraft etc.

Moreover, kite flying has been a passionate sport in Delhi. In view of security measures during celebration of Independence Day – 2022, it is necessary to prohibit any type of kite flying in the area North District, Delhi with any types of threads on 15TH August till the function is not over. Besides, for kite flying, different type of threads known as 'Manjha' in common parlance are used. Whereas, of late, all type of 'Manjha' with metallic powder coating, are available in the market. Such type of 'Manjhas' are not only very strong but also are good conductors of electricity. Due to a fine metal coating, whenever such 'Manjha' entangles/comes in contact with overhead electricity supply cables, including high voltage lines, electric current runs through the manjha threads, resulting in danger of electrocution of the kite flyer or unsuspecting passer-by and also causing disruption of the power supply system as well as security hazards.

And whereas, it has been found that the threads with metallic powder coating, being used for kite flying are good conductors of electricity and are dangerous to electrical installation, as well as to the persons using them as it may cause flash over the overhead transmission lines and electrocution of the individual as well as security hazard during celebration of Independence Day – 2022.

And whereas it is necessary to take suitable security measures in this regard keeping in view the celebration of Independence Day – 2022.

Now, therefore, in exercise of the powers conferred upon me by Section 144 of the Code of Criminal Procedure, 1973 read with Govt. of India, Ministry of Home Affair's Notification No. F-11036/1/2008 (i)-UTL, dated 31.10.2008, **I, SAGAR SINGH KALSI, IPS, DEPUTY COMMISSIONER OF**

POLICE, NORTH DISTRICT, DELHI, do hereby prohibit flying of sub-conventional aerial platforms like para-gliders, para-motors, hand gliders, UAVs, UASs, microlight aircrafts, remotely piloted aircrafts, hot air balloons, small size powered aircrafts, quadcopters or para jumping from aircraft etc. and **for 15th August till 09:00 A.M. kite flying** in the area of North District, Delhi due to Independence Day Celebrations-2022 and doing so shall be punishable under section 188 of the Indian Penal Code.

This order shall come into force with immediate effect and shall remain in force upto 15th August, 2022 till the completion of celebration of Independence Day-2022 It shall extend to the entire area/jurisdiction of North District, Delhi.

As this notice cannot be served individually on all concerned, the order is hereby passed ex-parte. It shall be published for information of public through Press and other media and by affixing copies on the Notices Boards of all Deputy Commissioner of Police, Assistant Commissioner of Police, Tehsil Officers of the Districts, all Police Stations concerned and the offices of the NDMC & MCD.
